# COMMENCEMENT

Time slows our running steps  
And days remaining are so few;  
Eyes dim, cheeks grow pale  
And golden dreams, a somber hue.

But memories weave a net  
And we will always be  
Captured as we are today  
Forever young--forever free.

On November 29, 1959, the Senior Class of Fairview Township-Karns City High School presented THE LITTLE DOG LAUGHED, a three-act comedy by Vera and Ken Tarpley. The play, a satire, centers around Laurie, a budding psychologist, and a college sophomore, home for her summer vacation. Its many humorous situations and the fast-moving action never leave a dull moment. The theme develops around Sid's attempts to borrow money from the bank in order to finance his used-car business. Laurie's experiments with her Zambroski Ink Blot test on Martha's friends prove to be anything but helpful. But love accomplishes what psychology fails to do, and the love affair of Laurie and Mark, and that of Wally and Joan, solve the problem more efficiently than Laurie's psychology--or maybe it is Gus and Horatio who turn the trick. All these together with "energy peaks and digressions, purges, inner personalities," a little boy, a dog, and a dead bird combine to establish peace between the two business rivals and to help all to understand each other--and themselves.
